This information is for your personal use only and is not to be sold or distributed. You are welcome to link to this information so that others may learn from it, but it is not to be distributed in any format. Disclaimer: the information above is based on my personal experience, in combination with information provided by manufacturers. Different papers and environmental regions may react differently and results may vary.

Y = Yes; Y\* = Yes with heat embossing; Y- = Under some conditions; Water\* = can be cleaned with water, but using a stamp cleaner is easier; Cleaner = my preference is Ultra Clean by Stewart Superior
