

Ghosting

1. Ink rubber stamp image using **white pigment ink**, such as Adirondack Snow Cap Pigment Ink.
2. Stamp image and allow to dry completely. Alternately heat set to dry.
3. Using a **dye based ink pad** apply ink to the tool of your choice - Ink Blending Tool, Cut N' Dry Foam, sponge or brayer.
4. For best effect apply ink to project using a circular motion. Begin with tool located on a non-stick craft sheet and move in circular motion on to the edges of project.
5. Apply additional colors as desired.
